CUPE LOCAL 1974—KHSC—KINGSTON GENERAL HOSPITAL SITE HEALTHCARE WORKERS

## Bargaining Sessions

The local has been holding bargaining sessions with our members throughout the Spring and Summer. Three days were held at a hotel off site in July. With a further 2 days held on site in the hospital.

We have invited CUPE national reps who specialize in bargaining to attend these meetings and provide information to our members.

August also saw the local prepare some bargaining survey's and mail them out to every member of our local. We receive member addresses from the hospital, if you are not receiving correspondence you should check with the hospital what mailing address they have for you.

It is never too late for questions or concerns please contact our office and we can answer your questions or find the answers from CUPE.
